Appalachian Valley Autism Center

Saturday, February 10, 2024
Appalachian Wireless Arena

*From the
President/Chief Executive Officer
Donovan Blackburn*

In the heart of Appalachia, a profound opportunity awaits—one where your support and sponsorship can transform the trajectory of countless young lives affected by autism. As we prepare for Pikeville Medical Center's Speak From The Heart Gala, we invite you to join us on a journey of compassion and impact.

The Speak From The Heart Gala is not just an event; it's an invitation to be part of something extraordinary that leaves an indelible mark on the lives of children with autism in Eastern Kentucky. Your sponsorship is more than a contribution; it's an investment in the promise of a brighter tomorrow for families navigating the unique challenges of autism. With your contribution to the Appalachian Valley Autism (AVA) Center, you're not just supporting specialized clinical care; you're helping us respond to the silent plea of over 700 children waiting for their turn to receive the care they need and deserve.

The Speak From The Heart Gala is an opportunity to be a beacon of hope, standing together with us as we navigate the complex landscape of autism care. We understand that decisions are often measured in terms of returns in the business world, yet one of our greatest returns is when a child's silence is broken.

Your support is an investment in the intangible, yet immeasurable, impact on the lives of children who can reach new heights and achieve their fullest potential. We invite you to be part of a narrative that goes beyond business and enters the realm of heart and soul; an expression of shared values, a testament to your dedication to our region and the future generations to come. Together, we can create a world where every child, regardless of their challenges, has the opportunity to thrive.

Your sponsorship is the missing piece that completes the puzzle of life for many children and their families. This is your invitation to play a pivotal role in a deeply impactful initiative, reshaping the future for numerous young lives affected by autism. Your involvement will be instrumental in fostering positive change and providing crucial support to children navigating the challenges of autism.

Thank you for considering this heartfelt opportunity to make a difference.

Most sincerely,

A handwritten signature in black ink that reads "Donovan Blackburn". The signature is fluid and cursive, written in a professional but personal style.

AVA Center

Appalachian Valley Autism Center

The Appalachian Valley Autism (AVA) Center provides therapy for children diagnosed with Autism Spectrum Disorder (ASD). Our goal is to identify children at the earliest signs of detection.

Pikeville Medical Center's multi-disciplinary teams are equipped to offer families unrivaled expertise in understanding and meeting the needs of toddlers and children with autism and related challenges.

We strive to:

- provide the best integrated care for children
- support the best possible quality of life for children with ASD and their families
- help children with ASD reach their full potential
- coordinate and provide autism-friendly clinical care and parent training needs
- provide assessments and recommendations for appropriate treatments

Many children with ASD or related disorders can benefit from behavior therapies that aim to reduce undesired behaviors, improve a child's functioning and address co-occurring mental health disorders like depression and/or anxiety. AVA Center clinicians utilize several therapies matched to the child's age, specific needs and degree of severity.

The AVA Center offers:

- Applied Behavior Analysis (ABA) therapy
- Speech therapy
- Occupational therapy
- Feeding therapy
